

MASONIC OFFICIALS FIGHTING KU KLUX

Iowa and New Mexico Lodges Were Warned by Grand Masters

SECRET CAMPAIGN REVEALED

New York, June 21.—Grand Lodges of Masons throughout the United States are taking official action by letters to lodge under various grand jurisdictions to warn Masons against solicitation for membership in the Ku Klux Klan.

Past Grand Master Francis E. Lester, of New Mexico, and Past Grand Master Amos N. Albersson, of Iowa, while in office in their respective States, issued special orders to be read by all masters of lodges under their jurisdictions at the next meeting, regular or special, of the lodge.

Grand Master Lester, in his statement against the Ku Klux Klan propaganda, wrote he had "definite evidence of solicitation among Masons and officers of Masonic lodges in his grand jurisdiction for membership in the Ku Klux Klan."

WILL TEACH FILM ACTORS RULES FOR BEHAVIOR

Producers Establish School for the Hollywood Players

New York, June 21.—What was said to be one of the most radical departures ever attempted in an effort to improve the quality of motion pictures was announced yesterday by Adolph Zukor, president of the Famous Players-Lasky Corporation, which embodies the formation of the Paramount Stock Company and school of the Lasky studio, Hollywood, Calif., with classes for the instruction of players in every branch of their art and with complete rules governing the players' conduct inside and outside of the studio.

Among the rules stipulated is the following: "Be careful in the choice of your associates outside the studio. Remember, a man is known by the company he keeps. A woman is known by the company she avoids."

WOMEN TO HONOR ARGONNE HEROES

\$2500 Sought for Memorial to Be Put in National Arlington Cemetery

POSTS PLANNING FETES

The Argonne Unit of the American Women's Legion has launched a campaign for \$2500, the amount necessary for the erection in the Arlington National Cemetery of a simple memorial to the American dead who lie buried overseas.

The two-day carnival of the Howard C. McCall Post No. 20 will be open today at the headquarters, 4104 Walnut street. All members of the Legion are invited to the dancing, amusements and refreshments.

The Shubin-Buechstaun Post No. 95 will hold a lawn fete this evening at 1641 South Broad street. Dancing and refreshments are promised.

Interest of posts throughout the State has turned to the coming State and national conventions. The election of delegates has already taken place in many of the posts, especially in those that have suspended activities for the summer months.

The national gathering at New Orleans will be in the nature of a carnival, second only in its picturesqueness to the famous Mardi Gras. Banquets, pageants, banquets, river parties and a special feature entitled "A Night in the South" will be featured.

They Got a Mile of Concrete Road for Nothing

At a quarry in the Imperial Valley, California, where aggregates were being obtained for another addition to the State's system of Concrete roads, the methods used in screening the stone caused a waste of 35 per cent.

One of the Portland Cement Association field engineers interested in the progress of this work called attention to studies made by our Structural Materials Research Laboratory on the selection and proportioning of materials for Concrete. He suggested that proper application of these might considerably reduce the waste. A change in the method of screening materials was therefore adopted, reducing the waste to only 15 per cent. without lowering the strength of the Concrete.

Now the stone is costing 42 cents instead of \$1 a ton, as estimated when the contract was let this year, as against \$1.45 actual cost last year. On the mileage to be built, this means a saving of more than \$30,000, which will be used to build more Concrete road—at no cost to the taxpayers.

This is but one example of the value of our laboratory studies to users of Concrete. The Laboratory's work is to develop continually, without cost to the public, better and more economical methods of making and using Concrete under all conditions.

The Laboratory is one of the numerous services maintained by the Portland Cement Association—the joint research and educational foundation of 85 independent manufacturers in the United States, Canada, Mexico, and Cuba, conducted for the benefit of those who want dependable information on how to use Concrete.

Suggestions as to how our work may be made more useful to you are invited.

A hotel of unusual beauty and atmosphere

"How attractive," is the expression of guests when they come into the Hotel Majestic. Woodwork fashioned by Europe's deft fingers. Soft Italian marbles and mosaics. A stirring stained glass panel glowing with an old world artistry.

The Majestic is beautiful. It has a distinguished atmosphere; true luxury without ostentation. And this character, this unusual charm, extends throughout the building.

Ballrooms and banquet halls or intimate reception rooms for dancing, teas, bridge parties and suppers. You will like the perfect appointments, the careful service and the very moderate charges. The Majestic is the kind of hotel that you can recommend to your out-of-town friends. It invites your patronage.

Drugists sell it - Hairdressers and Barbers apply it.

The code of King Hammurabi, set up in the temple of Marduk 2000 B. C., allowed the choice of a successor by will.

Property, under a Babylonian will, became solely the possession of the "manager".

Family trusts — ancient and modern

WHILE estates to-day may not become the possession of the executors and trustees, they too often do not stay in the family.

An executor or trustee who is inexperienced in financial matters cannot be expected to exercise business judgment. If a son is not yet established in business, a daughter not yet married, it is wise to have their property managed for them. A wife should not be burdened with the care of her property.

Trusteeship is the modern method of providing competent management for estates. A trust can be made to cover practically any condition that may confront you. The Trust Company, operating on the basis of fixed charges, is the established trustee.

Our booklet, "Protecting the Family," outlines more fully the practical way in which the Trust Company helps meet such exacting conditions. Send for it to-day.
